

Enterprise Europe Network - Syntens

## Meet & Match Event Composites Europe Fair Essen 15 September 2010

### Introduction

#### Meet & Match Event at Holland Pavilion

**Are you searching for international collaboration, contacts and knowledge regarding composites and materials?**

The Enterprise Europe Network Netherlands and partners are organizing a Meet & Match Event during the Composites Europe Fair in Essen (Germany) on the 15th of September.

ZENIT (D), Sabanci University (TR), AluCluster (DK) and Syntens (NL) are regional nodes within a network of 600 regionally based contact points covering the entire European Union and beyond. This unique network of organizations is dedicated to linking small and medium-sized enterprises (SMEs) with the right mix of expertise and resources to bring good ideas to fruition.

The COMPOSITES EUROPE is the most innovative fair in the strongest European composites market and showcases the complete value sector of the industry. The focus of attention: Automotive, Aerospace, Wind energy, Building & Construction, etc.

For further information, please check:

<http://www.composites-europe.com/>

As a participant of our **Meet and Match Event** you will have the opportunity to meet companies from all over Europe in order to talk about future possibilities of collaboration. Your local member of the

Enterprise Europe Network can bring you, in close cooperation with sister organizations, proactively in contact with interesting partners in other countries.

- By previous arranged one on one meetings
- With relevant companies of your choice

## Participation

### Registration and cost

Interested companies will be registered with short profile online at [www.brokerage-events.eu/BE](http://www.brokerage-events.eu/BE) until 1 September 2010. Afterwards participants can make their choices on partners for business and technology meetings out of all registered companies. All requests made will be used to match companies. In this way every participant receives their individual schedules a few days before the event, so they can prepare their talks in an optimum way. On 15 September up to 6 pre-arranged meetings can take place.

The event will be **free of charge**, travelling costs, entrance and accommodation are excluded.

The deadline for registration is the 1<sup>st</sup> of September, 2010.

For further information, please do not hesitate to contact us!
